A PRAXIS EVENT · HOSTED BY ITSA & MLSC PCCoE

EVENT DATES · 9th & 10th OCTOBER

GRAND THEME · IMPACT FOR GOOD (SDG-LINKED STORYTELLING)

THE EVENT

STORYVERSE

Where Stories Become Worlds

IMAGINE • ILLUSTRATE • BUILD

ROUND 1

THE STORY SPRINTS

ROUND 2

For technical clarifications, lab access, and registration inquiries

EVENT TYPE • TEAM EVENT | TEAM SIZE • 1 to 3 Members

FORMAT • 2-Round Offline Competition | MODE • Offline

EVENT DATES • 9th & 10th October 2026

GRAND THEME • UN Sustainable Development Goals (SDGs) & Social Impact

TOTAL PRIZE POOL • Rs. 17,000

GENERAL RULES

- 1 Team Composition:** Teams may consist of 1 to 3 members; entries with 4 or more members will not be accepted. Any modification to team composition after registration requires prior written approval from the event leads.
- 2 Mandatory Attendance:** All registered team members must be present on campus and actively involved throughout each round they participate in.
- 3 Fair Play & Integrity:** Cheating, abusive language, intentional disruption, or unauthorized collaboration between different teams is strictly prohibited.
- 4 Work Authenticity:** While any software, web frameworks, design canvases, and AI generative tools are freely permitted for ideation, asset creation, and coding, participants must disclose tools used. Direct, unmodified lifting of third-party existing repositories or passing off uncredited full projects as original work will result in immediate disqualification.
- 5 Punctuality:** Teams must report to the lab before the stated start times. Submissions after the exact deadline will not be accepted under any circumstances.
- 6 Authority:** All decisions made by event coordinators and the judging panel are final and binding.

ROUND 1

THE STORY SPRINT

Every world starts with a story worth telling.

FORMAT

- **Date:** 9th October 2026
- **Duration:** 3 Hours (12:00 PM – 3:00 PM)
- **Submission Deadline:** 3:00 PM Sharp (submission portal closes; strictly no late submissions accepted).

KEYRULES

- Teams must select a real-world social or environmental cause aligned with the UN Sustainable Development Goals (e.g., Climate Action, Sustainable Cities & Clean Waste, Clean Water, or Digital/Educational Equity).
- Within the 3-hour sprint, teams must produce an original narrative script or illustrated comic strip (minimum 4 to 8 panels) depicting a systemic community problem, relatable characters, an escalating tension, and an actionable path to resolution.

PERMITTED TOOLS

- No restrictions.
- Teams may utilize any design software (Canva, Figma, Photoshop), graphic tablets, digital storyboards, or AI tools (for scriptwriting, panel generation, character consistency, or dialogue refinement).

ROUND 1

SUBMISSION & QUALIFICATION

SUBMISSION DELIVERABLES

- Final digital comic strip or illustrated story • document (PDF form).
- An Impact Brief outlining the chosen SDG, root problem, target community, and the core message.
- Tool Disclosure list identifying primary design platforms or AI models used.

QUALIFICATION TO ROUND 2

- Submissions will be evaluated by the jury following the round close.
- Shortlisted teams qualifying for Round 2 will be announced by 7:00 PM on October 9th.
- Round 1 scores serve as the qualification benchmark and will not carry forward into the final Round 2 score calculation.

ROUND 2

GRAND FINALE — INTERACTIVE REALMS

Where the page turns into a place you can walk through.

FORMAT & SCHEDULE

- **Date:** 10th October 2026
- **Development Phase:** 5 Hours (10:00 AM – 3:00 PM)
- **Evaluation & Live Demos:** 3:00 PM onwards

ROUND 2

BUILD THE WORLD

TASK

- Shortlisted teams must translate their Round 1 story, characters, and cause-driven conflict into a functional, playable interactive website or video game.
- The digital product must logically mirror the choices, mechanics, or systemic challenges presented in their Round 1 narrative

PERMITTED FORMATS & TECH STACKS

- Zero Stack Restrictions: Teams are free to build using standard web technologies (HTML5, CSS, JavaScript, React), game libraries/engines (Phaser, Three.js, Godot, Pygame web exports), or visual/interactive narrative engines (Twine, Scratch, visual novel engines).
- Teams may use AI coding assistants and open-source assets provided they understand, explain, and demonstrate the codebase.

FINAL DELIVERABLES & PRESENTATION

- Live, working link to the deployed • website or game.
- GitHub repository link containing the complete source code.
- Live Demonstration: A 3-minute pitch and gameplay walkthrough before the judging panel, followed by a 2-minute Q&A.
- Every team member must be present and capable of speaking to different aspects of the project during the jury review.

EVALUATION CRITERIA

ROUND 1 — CREATIVE STORY & COMIC STRIP

- | | |
|------------------------------------|-----|
| • Social Impact & Topic Relation | 30% |
| • Creativity & Originality | 30% |
| • Storytelling Ability & Structure | 20% |
| • Emotional Engagement | 20% |

ROUND 2 — INTERACTIVE WEBSITE / VIDEO GAME

- | | |
|-------------------------------------|-----|
| • Connection to Original Idea | 30% |
| • Interactiveness & User Experience | 30% |
| • Technical Implementation | 20% |
| • Presentation | 20% |

Round 1 scores decide qualification only. Final rankings are decided on Round 2 judging scores.

GRAND FINALE

TOTAL PRICE POOL

17,000

- **1st Place** — WINNER **₹10,000 + Certificate**
- **2nd Place** — 1st Runner-Up **₹5,000 + Certificate**
- **3rd Place** — 2nd Runner-Up **₹2,000 + Certificate**
- All Qualified Round 2 Finalists **Certificate of Participation /Merit**
